The Curiosities

Egholms Magi 120,-

Di'Saronno – Lemon – Homemade Orange Syrup – Egg White

A fresh and wintry take on the well-known and beloved cocktail Amaretto Sour. The classic, sweet Di'Saronno with notes of sweet almonds, nuts, and cherries meets a hint of lime and homemade orange syrup in this cocktail. The inspiration for the orange syrup comes from the color of the sunset over Egholm, which can be experienced just 30 minutes away from here.

Musikkens Vision 120,-

Herbie Organic Gin – Lemon – Homemade Thyme Syrup – Sparkling Water

Musikkens Vision is inspired by the classic Gin Fizz, which has been given a twist with our homemade thyme syrup. The cocktail is served in rustic, unique ceramic mugs from Tolne Gæstgivergård. The surface of the burnt ceramic resembles the spectacular architecture and forms of Musikkens Hus, which are inspired by the movements of the Limfjord.

The vision for Musikkens Hus was to gather people around music in a house focused on art and culture - with Musikkens Vision, we hope to gather people around a refreshing cocktail in our house filled with heritage, culture, and art.

Portlands Fundament. 130,-

Herbie Organic Gin – Mondino – Ellenor Organic Elderflower

Portland's Foundation is based on and inspired by the classic Negroni, which traditionally consists of gin, Campari, and Vermouth. In this version, Campari is replaced with Mondino, which is based on rhubarb and orange, and Vermouth is replaced with the locally produced sweet elderflower liqueur, Ellenor. In 1889, Aalborg Portland-Cement-Fabrik A/S was established, which is now best known as Aalborg Portland. The foundation of Aalborg Portland is cement, which consists of three parts - just like the classic Negroni consists of three parts - limestone, clay, and water.

Fjordbyens Tryllestøv	120,-
Herbie Pink Gin - Citron - Homemade Raspberry/Cranberry Syrup	

A fresh, sweet, and old favorite is back in Fjordbyens Tryllestøv. Back in the 1800s in Philadelphia at the elegant Bellevue-Stratford Hotel, the Clover Club cocktail was created. The hotel was known for attracting artists - just like Fjordbyen.

Fjordbyen in Aalborg is its own unique place, consisting of 122 creative homes, which were originally created as sheds for fishermen to seek shelter and store equipment. Despite Fjordbyen's colorful past and different perceptions of maintenance, a shared love for the little oasis in Vestbyen is evident.

The many houses are filled with creative souls, and Fjordbyen's very special atmosphere hits one like magic dust.

Kulturbroens Kærlighed	120,-
Queens Blackcurrant Liqueur - Herbie Organic Gin - Lemon - Homemade Cinnamon Syrup	

The Culture Bridge is easily recognizable by its red color and lights up in the dark. It is also known as the Love Bridge because of its warm red color and romantic view. Some have even been inspired by the Pont des Arts in Paris and hung personal padlocks on it.

The Love of the Culture Bridge is inspired by the bridge's warm red color, which the sweet blackcurrant liqueur brings out in the cocktail. Additionally, there's a warm, sweet, and aromatic twist in the form of cinnamon.

Honnørens Anker	Kr. 120,-
Vintre Møller Vodka - Lemon - Ellenor Elderflower Liqueur - Homemade Licorice Syrup	

A sweet and refreshing cocktail with a hint of distinctive licorice flavor is created at Honnørens Anker. Honnørkajen in front of Aalborg Castle is a mooring place for, among other things, the Royal Yacht and the many cruise ships that dock in Aalborg. Honnørkajen is characteristic of the Aalborg waterfront and connects land and water. The two differences, land and water, have been the inspiration for Honnørens Anker, where the pure, soft, and elegant vodka from Vintre Møller combined with lemon, the sweet taste of elderflower, and a hint of licorice, create a refreshing, sweet, and exciting flavor.
